

Dimensions including 2 mm bleed around the edge is 309 mm x 440 mm.
Any back ground photos or colours you want to cover the entire folder should extend to the outside of the bleed area.

Finished Size
We trim the artwork down to 305 mm x 436 mm

Text should be inset 8 mm from the outside bleed edge and the centre fold line.

Graphics can be printed over the fold area but it is best to keep text within The suggested (blue dotted line) text area.

Blue area is
Outside Back of Presentation Folder
including 2 mm bleed which we trim off.
If you want text to be centered on the back
of your folder - centre it in this area.

Yellow area is
Front of Presentation Folder
including 2 mm bleed which we trim off.
If you want text to be centered on the front
of your folder - centre it in this area.
